August / September 2025

Dear Atwater High School FFA Supporter,

Thank you for your interest in supporting the program and students of the Atwater High School FFA, which is one of the largest single high school agriculture programs in the nation! Every year, our program has numerous community businesses that have generously supported the program through the Placemat Ad fundraiser. We hope you will consider supporting this opportunity, too, with the opportunity to market/promote your business.

With school back in session and with students back on campus, we are looking forward to engaging in a variety of “in-person” academic, personal growth, leadership, and career exploration opportunities as students and members of the Atwater FFA. The Placemat Ad fundraiser generates \$5000-\$7000 yearly to directly cover the costs associated with events and activities for the upcoming school year. Some specific examples include:

- (3) FFA Leadership Conferences – 9th, 10th, 11th, and 12th grade students
- Food and supplies for seven monthly FFA chapter meetings (250+ students each meeting)
- Transportation and hotel costs to colleges and universities for the 2026 spring FFA judging teams
- Department/Class/Program: Agriculture materials and resources for students
- Facility resources (shop classes, horticulture, and school farm)
- Chapter FFA supplies for students / 2026 Chapter Awards Event
- Merced County Fair project supplies and equipment for expanded student engagement

In recognition of your support, we will present/display (company name) your support throughout the 2025-2026 school year through our Atwater FFA website (www.AtwaterFFA.org), placemat ads, PowerPoint presentations, meeting & educational brochures, award banquets, and local media outlets. We will also insert all ads inside the bags of every FFA Take-Out BBQ meal (4 BBQ's/year) this year! (Starting in December) We average 500-1500 customers for each BBQ!

Agriculture education and the FFA has been a primary factor towards the school's success. 98%+ of the 1200+ agriculture students at Atwater High School are “non-agriculture” background students, and yet, we have some of the most involved and accomplished students in the state and nation. The opportunity our students encompass is directly correlated to our community's support.

Attached is a reduced-size sample (double sided) of last year's ads and our 2025-2026 order form. We also have an online payment option available (see attached order form). Please note, your support will be recognized beyond the placemat ads and will directly support student resources and opportunities in the FFA. We appreciate your support!

Sincerely,

Dave Gossman
Atwater High School Agriculture Department
